Carl Simpson, Series Editor

This outstanding new series of arrangements is designed to offer school and community orchestras a broad and comprehensive selection of music written between the eighteenth and twentieth centuries. While the majority of the titles are transcribed from the orchestral repertoire, the series also includes settings of the world's favorite classical melodies taken from other original sources. While a few of the more extensive works have been abridged and edited to conform with series requirements, the arrangements always remain faithful harmonically and stylistically to their original sources.

All titles in the series are sold as "Set C", which consists of a full score and strings 8.8.5.5.5
