Men's Chorus - 2008 Catalog

Smaller Works (Octavos, Anthems)

Preface

About This Catalog:

This catalog is intended to list a wide selection of choral music for men's chorus which is available for sale from Educational Music Service. It contains over 1,300 titles published by hundreds of publishers. It does not necessarily provide consistently current prices or complete bibliographic information, but does provide general information about the availability of works. Prices and other catalog information are not guaranteed, but we will be happy to verify current information about items in advance of any order that you may wish to place.

Pages 1 to 7 contain listings by title. Most pop or educational titles are listed in this section. Most "serious" titles and sacred anthems are listed under the name of their composer on pages 7 to 26.

Prices:

Prices in this catalog are not guaranteed. Although most prices are accurate or very close to current, prices may vary widely on some items. Prices on items rarely purchased from us may not have been updated in many years. Since music will be supplied at the current price, and is not returnable, please inquire in advance of ordering if you require firm prices.

Please note that prices may vary widely in some cases. We cannot guarantee prices.

About Component Information:

Choral works in this catalog are generally smaller works scored for men's voices. The catalog does not give information about the accompanying instruments or the format of the publication (i.e. whether a piano reduction is included). We can give further details upon request. We have separate catalog listings for mixed, treble and SAB voicings as well as larger choral works in all voicings.

Alphabetization:

The best way to find items which may be out of place alphabetically is to use the "find" feature of the Acrobat Reader (the binocular icon on the tool bar). This applies particularly to extractions from larger works. Please use the "binocular" feature of the Acrobat Reader if titles are not found alphabetically where expected.
