TOMORROW SHALL BE MY DANCING DAY

Gareth Treseder
Boosey & Hawkes

Devised as a choral Christmas waltz, this carol for unaccompanied mixed voices (no divisi) by Welsh composer Gareth Treseder is a jolly setting of a traditional text. The work is structured in the manner of a hymn that becomes increasingly complex via different vocal textures. The catchy melody is passed

around each part of the choir and interweaving textures should offer a welcome contrast to the common homophonic textures of Christmas music. A sure audience-pleaser, this carol will also be very rewarding for the singers and will add a jovial twist to a Christmas concert of service.

A TEXTUAL COMPANION TO HANDEL'S MESSIAH

by Watkins Shaw
Novello

This book provides an ample background of textual and historical information about Handel's *Messiah*. Though it arises from the author's work involved in his own edition in vocal and full score, its relevance is by no means confined to that edition. A survey of Handel's singers and of manuscript sources of the work provides the basis for an investigation onto the alterations and development to which the work was subject after its original conception. The alternative versions of numerous movements are also reviewed and thus a certain amount of light is shed on the form assumed by the earliest printed copies. After an important discussion of textual authority and a commentary on the readings of individual movements, the author concludes with a statement of editorial aims and practices.

Deke Sharon

DEKE SHARON

Born in San Francisco, California, Deke Sharon has been performing professionally since the age of 8, and as a child toured North America and shared the stage in operas with the likes of Pavarotti. Heralded as "The Father of Contemporary A Cappella," he is responsible for the current sound of modern a cappella, having created the dense vocal-instrumental sound in college, subsequently spreading it around the world.

Deke produces "The Sing-Off" worldwide (USA, Netherlands, China, South Africa), which had the highest ratings of any new, unscripted television show in the US in 2009, and was the third highest rated show on NBC in 2010. In addition, Deke served as arranger, on-site music director and vocal producer for Universal's "Pitch Perfect" & "Pitch Perfect 2" starring Anna Kendrick & Rebel Wilson.

THE HEART OF VOCAL HARMONY

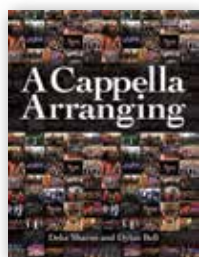

Emotional Expression in Group
Singing

by Deke Sharon
Hal Leonard

Most choirs spend their rehearsal time focusing on notes, rhythms, and precision. They rarely, if ever, discuss a song's meaning and feeling, even though those elements are precisely what draws people to the music in the first place. Thousands of books have been written about choral technique, teaching people how to sing technically well. What sets *The Heart of Vocal Harmony* apart is its focus on honest unified expression and the process of delivering an emotionally compelling performance. It delves into an underdeveloped vocal topic – the heart of the music and the process involved with expressing it.

The Heart of Vocal Harmony is not just for a cappella groups – it is also for vocal harmony groups, ensembles, and choirs at all levels, with or without instruments. In addition to the process, the book features discussions with some of the biggest luminaries in vocal harmony: composers, arrangers, directors, singers, and groups – including Eric Whitacre, Pentatonix, the Manhattan Transfer, and more!
